

JAMES M. CAHILL, MAYOR
THE CITY OF NEW BRUNSWICK

November 21, 2011

David Rothman
Chairman, Monroe Township Planning Board
1 Municipal Plaza
Monroe Township, NJ 08831

Dear Chairman Rothman:

The Monroe Township Planning Board will consider an application by The Francis E. Parker Memorial Home Inc. at its Nov. 22, 2011 meeting. The City of New Brunswick is home to this non-profit organization's original facility which has been operating here for over 100 years. The City of New Brunswick has enjoyed a wonderful relationship with the residents and staff of the Parker Memorial Home Inc. and consider it to be a tremendously valuable resource for our community.

Founded in 1907, it was the last wish of Francis E. Parker that a home be established to provide affordable, quality nursing care. At each of its facilities, Parker Memorial Home Inc. provides the highest level of service and care to its residents and clients and is both an excellent neighbor and a civic-minded member of the business community.

The Township of Monroe would derive great benefits from the services such a facility would provide to senior citizens in your community. The much needed new jobs it will create, from entry-level to professional nursing and administrative positions, would also help to expand your local economy.

Very truly yours,

JAMES M. CAHILL
