Tony Zarillo, Monroe

To the editor:

With the growing population of senior citizens, there is no question that Monroe Township needs more quality facilities that can provide long-term care services.

That is why I am supporting the proposed Parker at Monroe project on Schoolhouse Road.

Not only is such a facility needed for the community at large, it would be a huge benefit to my family.

I live in the Stonebridge community with my wife, Carolyn, who has Alzheimer's disease. As I have yet to find a facility in town that can provide the level of care my wife requires and the respite I need, I drive her two days a week to the Parker Adult Day Center in Highland Park.

I implore the Monroe Planning Board to recognize the needs of the senior population and vote in favor of the Parker plan at its meeting on Dec. 22.

We need Parker at Monroe, not just for my wife, but for the many people like her who live in Monroe.

It is my hope that the Planning Board will continue Monroe's strong commitment to its graying population that continues to age and require these quality of life services locally from a proven quality provider, like Parker.

Tony Zarillo
