Paul Matacera, North Brunswick

To the editor:

For years, my mother has received stellar care in the adult day program at Parker at the Pavilion in Highland Park.

I'm pleased to learn that Parker is planning to construct a residential facility in Monroe Township, where about half of the population is senior citizens who will one day require many of the stellar services that Parker provides.

Parker would be an incredible asset for Monroe. It serves local residents in beautiful facilities, while offering numerous community programs. It also is a great neighbor, generating minimal traffic or noise. A Parker facility would be an amenity for any neighborhood, as a key design component is preserving open space.

It is my strong hope that Monroe officials recognize the importance of the proposed Parker at Monroe. There is no question it is sorely needed. Supporting such a project shows support for the many local seniors who want to remain near friends and family when they ultimately need some extra help.
